SPONSORSHIPS DETAILS

TOGETHER WE ARE PROVIDING INCREASED OPTIONS AND HOPE FOR CANCER PATIENTS.

Beer & Bites is a casual dinner and auction that has raised more than \$7.2 million over the past nine years. Initially created by Gordon Rush and The Rush Companies, the event has blossomed into a critical funding source for South Sound Cancer Awareness Research Expansion (CARE) Foundation. We will be celebrating 10 years of Beer & Bites on Saturday, October 7, 2023 at The Waterfront venue at Narrows Marina in Tacoma.

Each and every one of us knows someone – a parent, a child, a friend, a colleague – who has suffered from cancer. Thankfully,

more and more people are surviving cancer today. Many are right here in the South Puget Sound Region where the South Sound CARE Foundation provides clinical trials and new treatment options to care for – and extend the lives of – South Sound cancer patients.

The South Sound is a special place. We share a strong sense of community and believe in the importance of taking care of our own. Year after year we have seen our community and commitment to caring for one another grow. Thank you for partnering with us.

No one should fight cancer alone.

"Because of great research, the cancer death rate has fallen by 32% since 1991. We just have to keep that going in our community. We are going to continue to build and grow collaboration. We are going to work together to do our very best for our community."

- FRANK SENEAL, FOUNDER
